## **DETAILED ACTION**

### ***Priority***

1. Acknowledgment is made of applicant's claim for foreign priority based on an application filed in Japan on 05/27/2003. It is noted, however, that applicant has not filed a certified copy of the 2003-087-38 application as required by 35 U.S.C. 119(b).

### ***Claim Objections***

1. Claims 10, 11 are objected to because of the following informalities: Claims 10 and 11 recite "a wireless communication system according to claim 8"; whereas claim 8 claims a communication semiconductor integrated circuit. Hence, the examiner believes claims 10 and 11 depend on claim 9 and suggests to change "A wireless communication system according to claim 8" in line 1 of claims 10 and 11 to "A wireless communication system according to claim 9". Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-8, and 12 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: there is no connection between a transmitting oscillator, a first external terminal, a phase detection circuit and a second external terminal, a signal combination circuit.

4. Claims 9-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 9 recites "the same" in lines 20 and 24 on page 38, there is insufficient antecedent basis for this limitation in the claim.

Claims 10-11 are rejected as incorporating the deficiency of claim 9 upon which they depend.
